

DAILY DIARY EXCERPT

25X1A

1 July 1952

2. MR. FAIRFIELD, REPORTER Magazine

Advised by John Mitchell of the Select Committee on the Katyn Massacre that a Mr. Fairfield representing himself as a writer for REPORTER Magazine has alleged that CIA engaged in a wire tap at the Willard Hotel during February or March. Security advises me that the allegation is totally unfounded. Am calling on the managing editor of REPORTER to kill the report.
